DBMS.

OBJECTIVE:

Motivated Computer Science Engineering graduate with strong academic achievements and a passion for Software Development and Backend roles. Eager to contribute technical skills and abilities in a challenging entry-level role at your company, where I can apply my knowledge of Java ,Mysql etc, technologies to solve real-world problems and continue to learn and grow as a professional

EDUCATION:

Bachelor of Computer Science and Engineering (2020-24)
IPS Academy Indore, MP

Higher Secondary School Board (2019-20)
Kendriya Vidyalaya Mankhurd, Mumbai, MH

Secondary School Board (2017-18)
Kendriya Vidyalaya Mankhurd, Mumbai, MH

Projects:-

BANK MANAGEMENT SYSTEM

To enhance technical skills using java language and to implement the concepts of Object-oriented programming in real world simulated ATM transaction system using java swing for Front End and used DBMS to store user data such as login credentials, personal details, transaction details in the system.

LIBRARY MANAGEMENT SYSTEM

Developed a comprehensive Library Management System using Java Swing for the frontend, Java for the backend logic, and MySQL for database management. The system efficiently manages library operations including Student Registration, Add Book, Issue Book, and Returning Book.

PORTFOLIO WEBSITE

The aim of this project was to establish a compelling online presence through a personal portfolio website. Using HTML and CSS, I crafted a platform to showcase my skills, projects, and professional journey in a visually appealing and accessible manner.
